Letters of Recommendation

List below the names and titles of two faculty members whom you have asked to write letters of support for your application. These persons should be familiar with your academic and/or research abilities. They should be able to judge whether you are suited for Undergraduate Research.

Please ask your recommenders to provide information not shown on transcripts that will enable us to create the best opportunity for academic and personal advancement for the whole group of students participating in the program. With this in mind, please ask them to honestly address the following points:

- 1) Comment on the nature of your interaction with the student.
- 2) Comment on the character of the student and your perception of their ability to contribute to and gain from a 10-week research experience.

3) Please rate the student's academic motivation and social awareness in comparison with other students in your institution.
